Home Education Parent/Teacher Evaluation

Realizing that each student accepted at The Community School will impact our community of learners inside and outside the classroom, your assessment of your child's academic achievements and social interactions is essential. Our 7–12th grade program combines challenging college preparatory work with experience-based learning and opportunities to address real problems in our environment and the community at large. Thank you for your help in this process. We appreciate this opportunity to get to know your child better.

Applicant's name: _____ Parent's name: _____

How many years have you been home schooling your child? _____ Date: _____

Please share your assessment of the following areas:													
	Excellent	Good	Average	Below Average	Very Weak
